Description

Exceptional Performance

At the heart of the ASUS DT G16CHR is the Intel Core i7-14700F processor, featuring a hybrid architecture with eight performance cores and twelve efficient cores, delivering lightning-fast speeds and enhanced multitasking capabilities. With 32 GB of DDR5 RAM, this desktop easily handles demanding applications, making it ideal for gamers and creative professionals alike.

Impressive Graphics

Equipped with a 12 GB GDDR6X VRAM NVIDIA GeForce RTX 4070 SUPER graphics card, it delivers vibrant visuals and smooth frame rates across a wide range of modern games. This desktop is designed to support advanced gaming technologies such as ray tracing and AI-enhanced graphics, enhancing the overall gaming experience.

Versatile Connectivity

The ASUS DT G16CHR offers a variety of connectivity options, including USB-A and USB-C ports, as well as HDMI and DisplayPort outputs. This variety allows easy connection of peripherals and multiple monitors, supporting setups for gaming, streaming, or productivity.

Enhanced Audio and Visual Experience

This gaming desktop also features high-quality audio support, providing an immersive experience during gaming or movie watching. With ASUS Aura Sync, you can customize the RGB lighting to match your style

and create an attractive atmosphere.

Efficient Cooling System

The desktop's advanced thermal management system maintains optimal temperatures during intense gaming sessions, preventing overheating and ensuring consistent performance. With a focus on cooling, users can push the limits without worrying about thermal regulation.
